Facilitate AI

Archetype training to support the DoD workforce

The Chief Digital and Artificial Intelligence Office (CDAO) Human Capital Transformation (HCT) Team develops, directs and coordinates data, data analytic and AI training opportunities across the DoD and is pleased to offer this Facilitate AI course pilot to DoD military and civilian personnel.

For more information about CDAO sponsored courses contact the Education and Training Team: osd.ncr.dod-cio.mbx.cdado-hct@mail.mil

Why Take Facilitate AI

The Facilitate archetype learning path is for those who want to learn how to advocate for AI-driven technology and liaise between AI developers and the end-users of AI tools. As a Facilitate AI learner you will understand how to integrate AI tools into business and operational processes.

This course could be a good fit if...you are a subject matter expert in your field who wants to be a key contributor in bringing AI to your organization. Product owners, UI and UX designers, as well as other technical experts are great fits for Facilitate AI.

Facilitate AI Learning Outcomes

The CDAO Facilitate AI program equips you with key knowledge and skills to:

- Illustrate end-user needs to ensure they are built into application functionality
- Apply end-use needs to AI tool interface
- Analyze and simplify system outputs to support clear, and ethical enterprise decision-making
