JCF
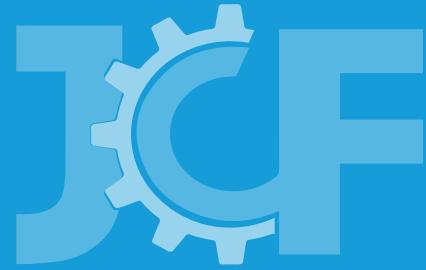

JOINT COMMON FOUNDATION

AI TRANSFORMATION THROUGH INFRASTRUCTURE

Premiere AI/ML Development Platform in DoD

- An enterprise cloud development environment equipped with modern DevSecOps practices and repositories for AI/ ML development.

- Enables decentralized AI development and testing.

- Lowers the barriers to the entry and speeds the delivery of AI capabilities.

- Seeks out disadvantaged users that need infrastructure and tools to pursue their use cases.

- Identifies, prioritizes, and evolves its capabilities and services based on the needs of the end user.

- Provides a Zero Trust security approach to maintain the confidentiality and integrity of data.
