Embed AI

Archetype training to support the DoD workforce

CDAO
Chief Digital and
Artificial Intelligence Office

The Chief Digital and Artificial Intelligence Office (CDAO) Human Capital Transformation (HCT) Team develops, directs and coordinates data, data analytic and AI training opportunities across the DoD and is pleased to offer this Embed AI course pilot to DoD military and civilian personnel.

For more information about CDAO sponsored courses contact the Education and Training Team: osd.ncr.dod-cio.mbx.cdao-hct@mail.mil

Why Take Embed AI

In Embed AI you will learn how to ensure AI tools are used to support mission. You will learn how to manage data, troubleshoot models, and provide feedback to AI designers and developers.

This course could be a good fit if you are interested in operationalizing DoD AI, managing data streams for AI, and troubleshooting AI models and infrastructure.

Embed AI Learning Outcomes

The CDAO Embed AI program equips you with key knowledge and skills to:

- Support use case development by solving down-range infrastructure constraints

- Analyze and aggregate data in preparation of ethical AI application development

- Solve AI application issues down-range to maintain functionality

Details and How To Sign Up

The estimated launch of the next Embed AI cohort is in **September 2022**. If you have any questions, please reach out to osd.ncr.dod-cio.mbx.cdao-hct@mail.mil. Please include Embed AI in the subject line.

Join the Embed AI Cohort to broaden your skill sets and become part of the DoD AI-ready workforce
