Lead AI - Executive Education GOFO/SES Training

JOINT ARTIFICIAL INTELLIGENCE CENTER

AI awareness for senior leaders to build support, accelerate adoption, and catalyze broader change

The Joint Artificial Intelligence Center (JAIC) Human Capital Transformation (HCT) Team is piloting AI education and training opportunities for Military and Civilian personnel across the DoD. This course offering is for General and Flag Officers and equivalent SES civilians (GOFO/SES).

The JAIC also provides training for all six AI archetypes identified in the DoD AI Education Strategy.

Why Attend Executive AI Training

As stated in the DoD AI Education Strategy, "Senior leadership will catalyze broader process and cultural change, enable modifications and reforms to policy, and send a top-down demand signal to accelerate AI adoption."

This training is essential for understanding potential use cases for AI, ensuring ethical application of AI-enabled tools, and identifying staff personnel who are key to AI development and implementation.

Working with DoD peer leaders and AI experts from academia you will begin formulating your own AI leadership vision for maximum organizational impact.

Executive AI Learning Outcomes

The JAIC's Executive AI pilot will provide you with key AI knowledge and skills to:

- Use common vocabulary when discussing AI-enabled technology
- Understand possibilities and limits of AI
- Articulate your AI leadership vision to impact your organization

Details and How To Sign Up

Digital Transformation won't occur without knowledgeable and enthusiastic support from top leaders. For this critical training, making space in your busy schedule to attend an upcoming Executive Education (GOFO/SES) course pilot will be time well spent.

The team has hosted one-day and three-day options. The three-day course provides greater opportunities for more in- depth discussion and personalization.

Upcoming Programs:

June 7-9, 2022: 3-days at Naval Postgraduate School (NPS) in Monterey, CA
