Drive AI

Archetype training to support the DoD Workforce

Join the Drive AI Cohort to broaden your skill sets and become part of the DoD AI-ready workforce

The Joint Artificial Intelligence Center (JAIC) Human Capital Transformation (HCT) Team develops, directs and coordinates AI training opportunities across the DoD and is pleased to offer this Drive AI course pilot to DoD military and civilian personnel.

In addition to Drive AI, the JAIC provides training for all six archetypes identified in the DoD AI Education Strategy.

Why Take Drive AI

The Drive AI Archetype is designed for managers who ensure appropriate AI tools and capabilities are acquired. developed, and sustained across the Department of Defense.

If you are an acquisition, capability, technical, product manager, or a manager interested in leveraging AI strategy in your work, then Drive AI is a great fit. Drive AI offers learning tailored to your functional area and will equip you with the skills needed to implement AI-related tools and technologies.

Drive AI Outcomes

The JAIC's Drive AI will provide you with the key AI knowledge and skills to:

- Understand trends and future AI capabilities

- Categorize and evaluate AI ethical use cases for implementing AI

- Prototype, test, and iterate on an AI product

- Manage acquisition, development, and or sustainment of AI tools

Details and How To Sign Up

The estimated launch of the next Drive AI cohort is in June 2022. If you have any questions, please reach out to HCT at osd.ncr.dod-cio.mbx.jaic-hct@mail.mil. Please include Drive AI in the subject line.
